

**30GB at \$17.90 plan!**  
**Promotional Offer as we celebrate more joining the Grid Mobile fam on our Birthday  
& the launch of Grid Mobile CIS**

**Singapore, 24 June 2020** – Yass! Grid Mobile turns 1-year old on 27 June 2020!

As many will know, it takes just 12 short months for a newborn to undergo an incredible transformation.

Grid Mobile has grown and changed at an astounding pace, with new and exciting developments over the last 12 months!

Following the successful launch of a \$24.90 plan that comes with a whopping 40GB, we introduced attractive Data Roaming packs for as low as \$5 to complement the Free Malaysia Data Roaming that comes with our plan.

True to our original intent of being a Telco that Pays, we generously give out rewards, much to the delight of our customers 😊

We wanted to be more.

Our product was refined to ensure that our customers can happily fully utilise their entitlements and have full control of their plan. Grid Mobile customers can travel fearlessly (when it is safe to do so), make IDD calls, max out their data bundle without a bill shock from excess charges.

We did not stop there.

We introduced another value packed no-contract mobile plan at just \$17.90 for 20GB. Customers can enjoy this price plan on a new Grid Mobile number or choose to retain their existing mobile number.

We stay true to our belief as a Telco that Pays.

Customers enjoy the same price for as long as they stay with Grid Mobile. Our customers do not pay more when they stay. In fact, through gridRewards, customers can use the accumulated gridPoints to offset their mobile plan bill or get cashback - freeing them up to live life larger and do what they have always wanted to do with that additional financial relief.

### **We celebrate as more join the Grid Mobile fam.**

As part of our Birthday celebration, customers can sign up with Grid Mobile for just \$17.90 to enjoy generous data of 30GB, 120 minutes outgoing calls, 50 SMS, free unlimited incoming calls and free Caller ID. (Price plan comes with 20GB per month. Additional 10GB only for 1st 30 days upon plan activation)
